

YES

YOUTH EXPLORING SCIENCE

The Quebec Federation of Home and School Association would like to invite your school to participate in a series of 3 Youth Exploring Science workshops to be offered in March of 2017

The Community Learning Centers and surrounding local schools are being invited by the QFHSA to participate in a series of 3 YES workshops. We invite all schools interested in including three science workshops to enhance their extra-curricular activities, to please fill out the registration form below and email/scan/fax it to info@qfhsa.org

The workshops will be broadcast through the videoconferencing network of the Community Learning Centers on Friday and **Saturday afternoons in March**. The workshop choices will be announced in November, and schools can register their students and the science kit materials will be mailed out to the schools in early February 2017.

An orientation session will also be offered to the teacher/coordinator/supervisor in preparation of the workshops.

Registration opens January 16th so send us word if your school is interested in participating and we will keep you up to date on the scheduling. Cost is \$7 (for H and S members)- \$10 (for non members) per workshop. Please fill out the this form and email it to: carolmeindl@qfhsa.org

We look forward to hearing from you! Carol Meindl

I would like to offer my students the opportunity to participate in the three YES workshops. Please inform me of the workshop topics, dates and fees.
